Personal Statement

My name is Penny and I am the mother of 2 wonderful boys, Jordon, 8 and Kyle, 5. When I was pregnant with my oldest son, I began looking for child care and found it very difficult. My son has special needs and finding a qualified provider was difficult. It was then that I decided to go into the child care profession.

Training, Certification and Memberships

Child Development Associate, earned in 2004

Mt. Hood Community College Child Development & Family Support Program Network Member since 2002

Over 200 hours of Early Childhood Education training, workshops and courses

Curriculum

Play is your child's "work." Your child will be offered a rich variety of play through which your child will learn about our world. I will carefully observe your child and follow their lead as much as possible. I work my curriculum plans around your child's interests and needs. Your child will experience stimulating, challenging activities throughout their day.

Experience

I am a mother of 2 children, ages 8 and 5 years old.

I have been a child care professional for more than 7 years.

I earned my Child Development Associate credential and completed more than 200 hours in Early Childhood Education
