Personal Statement

I love kids. I love their outlook. They're smart. Because I specialize in teaching music, I bring harmony to their lives. As a child care professional, I help children enhance their learning and enhance their lives through music. And, they learn to interact with each other in harmony. They learn basic academics in a harmonious, happy environment.

Curriculum

At Harmony Child Care, your child will become school-ready through academic pre-school instruction, behavioral and sociological skill development and physical education. Your child will thrive in a bright, comfortable, attractive environment. Children begin every day by cheerfully greeting each other with music and singing. Your child may choose from two child-size pianos, keyboard and wind instruments. Literacy is an emphasis,

Most importantly, your child will become independent and motivated to learn. Harmony Child Care adapts to each child's pace and encourages interactive, cooperative learning with other children.

Curriculum includes:

- * Pre-reading and reading skills
- * Numbers, counting and basic math
- * Music and performance for children
- * Arts and crafts
